## Our Services

### Weddings

Our wedding events are professionally coordinated and add a finishing touch to the special day. The release of white doves at a wedding symbolise a joyous and blessed marriage. White feathers represent purity and innocence as white doves pair for life, symbolising loyalty and devotion to one another.

### Funerals

Respectfully creating tender memories for those left behind. The dove release symbolises the souls journey and departing spirit, flying to find peace and serenity.

Releasing additional doves may symbolise other departed family joining together to assist with the journey.

### Displays

Our doves are released by hand or from beautiful handcrafted wicker baskets and enclosures.

If you desire a more ornate arrangement, you may upgrade to display cages, flowers, ribbons with various coloured fantail displaydoves.

### Environmentally Sustainable

Releasing white doves is considered a more sustainable alternative for the environment than releasing balloons, throwing confetti or fireworks displays. Our 'white doves' are homing pigeons and fly home safely to their loft without destroying the environment.

### Poems, readings or meaningful words

You may choose to read a poem or say some words to represent the symbolism of your event. We have a selection of readings you may choose from or you may have your own words you may wish to say.
